IT'S TIME TO VOTE!

It's 2022 and voters are angry. They're being crushed by inflation and scarred by two years of government overreach in response to the pandemic. Politicians have taken extraordinary advantage of Americans, and they have used their executive power and elected positions to maintain what they all want: control. The good news is that people are stepping up – in greater numbers than we have seen in ages – to take a stand for the principles that made this country great.

There are indications that public sentiment is getting more irritated with each day - people want the government's hands out of their pockets, off of their children and **away from our guns**. That is why it is so important to be armed and informed – please review our Candidate Scorecard carefully and pass it on to family and friends. It covers all the Senate and Assembly races in the state, and for those lower-tiered races, we strongly encourage each of you to ask questions of the candidates who are running for your city council or school board seats. Do not underestimate how important these races are.

Make no mistake about it, we need you - the informed - to register to vote (if you have not) **and make sure your fellow 2nd Amendment supporters do too. WHY? Because we have rock-solid proof that the gun community has made the difference between electing someone who is pro-gun and someone who is not.** Your participation is needed if we are going to toss the bad guys out and get the good guys in. If you aren't registered, you can do it online at <https://registertovote.ca.gov>
